Help us spread the word about *Emily's Choice*!

Last year, the [Legal Services Society](#) (LSS) and the [Healthy Aboriginal Network](#) (HAN) worked together to create [Clear Skies](#), a graphic novel about family violence. We received overwhelmingly positive feedback on *Clear Skies*. After its release, intermediaries started asking us for a graphic novel about child protection. *Emily's Choice* is the result (trailer below).

Developed once again by LSS and HAN, *Emily's Choice* is a graphic novel that uses storytelling and images to tell the story of Emily and her son, Greg. After Greg goes into foster care, Emily has to make some changes. With support from her brother, lawyer, and social worker and by learning about her legal options, Emily gets Greg back.
